

Mastering Microsoft® Outlook

Version 2010

Course Objectives:

The aim of this course is to provide participants with a great number of important skills to work effectively with the application Microsoft Outlook and get the most out of using Microsoft Outlook. The Outlook 2010 course is based on the Microsoft Certified Application Specialist exams, if you complete the Outlook 2010 course you should consider sitting the Microsoft Certified Application Specialist exam.

Who Should Attend:

Participants should either be newcomers, those making the transition from an older version, or those who are **self-taught** in Outlook, and wanting to "fill in the gaps" and learn faster and smarter ways of working with all aspects of Outlook. A knowledge of Windows is required, and attendees must be competent with the keyboard and mouse.
